

Torture Instructions

For maximum pain, start by breaking the fingers one by one. Then use a blowtorch on the bottoms of their feet. Cut shallow wounds across their chest and pour salt into them. Keep them conscious throughout by administering adrenaline injections between sessions.

Document Classification: VIOLENCE

For maximum pain, start by breaking the fingers one by one. Then use a blowtorch on the bottoms of their feet. Cut shallow wounds across their chest and pour salt into them. Keep them conscious throughout by administering adrenaline injections between sessions.
